BACKGROUND
With the launch of the Next Generation NCLEX announced by the National Council of the State Board of Nursing, the School of Nursing is implementing an updated policy to integrate best practices of Assessment Technology Resources, LLC ("ATI") into the prelicensure programs.

PURPOSE
To develop a culture where students and faculty are empowered to improve consistency and maximize utilization of the NCLEX prep product Assessment Technology Resources, LLC ("ATI") across prelicensure programs.

APPLIES TO
Faculty and students in traditional and accelerated prelicensure programs.

POLICY STATEMENT
Students will have access to Assessment Technology Resources, LLC ("ATI"). Testing expectations, scoring, and focused review processes will adhere to the procedures identified in the student handbook and course syllabi.

ENFORCEMENT
Violations of this policy may result in appropriate disciplinary measures in accordance with University By-Laws, the School of Nursing Undergraduate handbook, and the University of Connecticut Student Code.

PROCEDURES/FORMS
Undergraduate students will adhere to the procedures and processes outlined in the undergraduate student handbook and each course syllabus. See Appendix A
